IMPERIAL® DABMAN d30 Stereo

The DABMAN d30 Stereo combines cutting-edge digital radio technology with timeless retro design. The radio receives DAB+ as well as FM radio signals, two 3" full range speakers provide a full stereo sound experience. The 2.8 inch TFT color display provides background information about an ongoing programme in pin-sharp quality. Another plus: its user-friendly, multilingual OSD menu in combination with a well-structured remote control ensures simple and intuitive operation. Many useful functions, such as alarm clock mode, equalizer presets, auto-channel search etc. make the DABMAN d30 Stereo the ideal everyday companion.

Highlights

- DAB frequency: 174 - 240 MHz
- RDS PLL UHF radio
- Illuminated 2.8" (7.1 cm) TFT LCD color display
- AUX In jack to connect external devices, e.g. MP3 players
