IMPERIAL® BAS 5

High tech meets nature - this is without a doubt a fitting description for the IMPERIAL BAS 5: the mobile stereo Bluetooth speaker scores with a good sound performance, a powerful battery and its versatility. Cutting-edge Bluetooth 4.x technology, an AUX in connection as well as a MicroSD card reader make the IMPERIAL BAS 5 one of our new top products. The well-crafted, genuine wooden housing gives this speaker a unique design, a one-of-a-kind eye-catcher, no matter if set up on a desk, in a living room shelf or abroad.

Highlights

- Bluetooth stereo speaker featuring 2x4W RMS output power
- Real wooden housing and cotton cloth mesh structure for a unique and elegant look
- Bluetooth 4.0 (A2DP & AVCRP) with a maximum range of more than 10 metres
- AUX-In for wired operation (cable included)
- SD card reader for music playback (up to 32 GB)*
- 5V Li-Ion rechargeable battery (2200 mAh) featuring short charging cycle and long playing time (up to 10 hours)

Connections

- 1x Audio in/AUX in
- 1x Micro USB
- 1x Micro SD Slot (max. 32 GB)
