

DAB+ Adapter for HiFi Systems

IMPERIAL® DABMAN 410

DAB+ & FM Radio

- with modern digitalradio-
technology

Bluetooth transceiver mode

- sending and receiving via
Bluetooth

Favourites keys

- 6 favourites keys

The IMPERIAL DABMAN 410 is the perfect solution to upgrade your HiFi system to digital radio DAB+, and more! The small-sized adapter supports sending and receiving via Bluetooth (BT transceiver mode) and may be operated grid-independently thanks to its internal rechargeable battery. The adapter comes with a lot of user-friendly features, such as intuitive operation, 6 programmable favourite keys for DAB+ and FM stations, a dimmable display, an alarm clock mode and many more.
