The DIRA S 21i + is part of TELESTAR's new hybrid & digital radio series. It unifies state-of-the-art hybrid radio technology with good sound properties and a one-of-a-kind usability. It receives digital DAB+ radio, analogue FM radio and digital internet radio, using two 3" speakers to create a great stereo sound experience with 2x 15W. The DIRA S21i + has Bluetooth audio streaming both receiving and transmitting and supports UPnP. Furthermore the newest EWF (Emergency Warning Functionality) radio warning system is integrated just like the innovative Journaline Radio text software.

The device comes with versatile USB media mode, supporting different types of data playback and a record feature, allowing to record your favourite radio show or music on an external USB device either by simply pushing the record button or by programming a schedule via the user-friendly timer menu. Many additional features such as alarm clock mode, sleep timer, multilingual menu and favourite keys, top off the list of its features, making the TELESTAR DIRA S 21i + a one-of-a-kind hybrid radio in its price range.

Highlights

- Hybrid-Stereoradio (DAB+/ FM and internet radio in one device) featuring powerful sound
- Bluetooth 5.1 (transmitting & receiving), UPnP, 2,4 GHz wifi on board
- Access to a wide range of music streaming services (Amazon Music, deezer, napster, qobuz, Soundmachine, Tidal, HighResAudio, PalcoMP3, Calm Radio)
- multilingual OSD menu (17 languages)
- 6.1cm (2.4") TFT LCD display (illuminated & dimmable)
- USB (recording, mediaplayer, charging mode)
- EWF Radio warning system & Journaline Radio text via DAB+
- operation via remote control or Soundmate App (IOS & Android)
- Hotel mode that can be activated saves important settings and prevents incorrect operation
- 2x 3" speakers featuring 15W output each
- Memory for 100 DAB+/FM stations each, 500 internet radio stations, 4 preset buttons
