

Hybrid stereo radio

TELESTAR DIRA S 20i

The DIRA S 20i is the flagship of TELESTAR's new hybrid and digital radio series. It unifies state-of-the-art hybrid radio technology and design excellence. It receives DAB+, FM and web radio signals, using two speakers and a digital sound processor (DSP) to create a perfect stereo sound experience. It is UPnP and Bluetooth compliant

and comes with a USB media player mode, supporting different types of data. Many user-friendly features, such as alarm clock mode, sleep timer, multilingual menu, and favourite keys top off the list of its features and make the TELESTAR DIRA S 20i an outstanding hybrid radio in its class.

Highlights

- DAB+, FM RDS and internet radio featuring excellent sound properties and many user-friendly features
