

Bone Conduction
Headphone

IMPERIAL® bluTC active 2

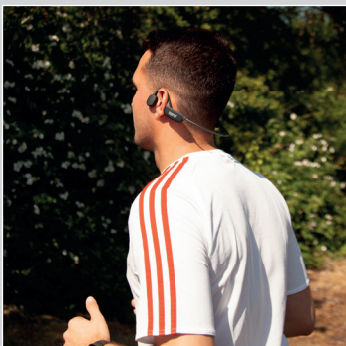

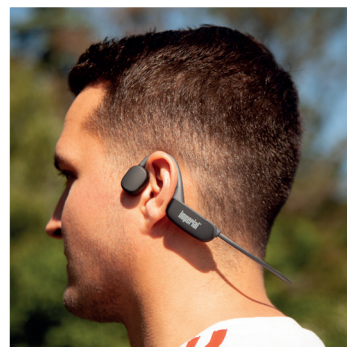

The bluTC active 2 is the perfect companion for your active lifestyle. Thanks to innovative bone conduction technology, you can consciously perceive ambient sounds while listening to music. Unlike regular headphones, bone conducting headphones transmit sounds through vibrations of the head and jaw.

The lightweight and ergonomic design ensures a comfortable and secure fit. No matter what activity you're engaged in, these headphones stay in place and provide maximum comfort. The sweat-resistant design ensures reliable functionality even during intense workouts or hot weather.

The integrated storage with a capacity of 32 GB allows you to store your favorite music directly on the headphones. No need to carry a smartphone or any other transmitting device.

Highlights

- Bone conduction headset
- Wireless
- Bluetooth 5.3
- Built-in 180 mAh battery provides music playback for up to 11 hours
- Low weight and ergonomic design ensure high wearing comfort
- The sweat-resistant design makes the headphones the perfect companion for an active lifestyle
- 32GB storage integrated
