

IMPERIAL[®] DABMAN 20

DAB+ Radio

This radio brings you the full range of channels for crystal clear digital reception when travelling. The robust IMPERIAL DABMAN 20 presents the new generation of digital radio: in addition to FM reception, the handy radio that has the looks of a „Weltempfänger“ is also able to receive DAB+ signals. The automatic station scan mode along with the 1.44 inch TFT display allows the access to several additional services transmitted alongside digital broadcasts. The built-in rechargeable battery offers operating time in combination with a short charge cycle. The battery can be charged via USB.
