- Play music from computer hard drives and Network Attached Storage units
- Dot-Matrix LCD display
- 2-way speakers (2x 5 W)
- Weather information and forecast
- AUX in to play from your smartphone and iphone
- High-quality matt-black housing
- Sleeptimer and alarm clock with snooze function

With the NOXON FUN Internet radio, you receive online music and information from the whole world. Listen to something other than the monotonous programming of your local radio stations for a change. With over 10,000 stations worldwide, the NOXON FUN offers endless international variety. For example, you can listen to rock music from the USA or pop music from Africa, the news from Tokyo or comedy from Australia, the charts from Germany. To make picking a station easy, everything is sorted by country and genre. Give it a try, there's so much to discover!

And it's really easy. First, the configuration wizard helps you connect to the network, wireless (WLAN). If your WLAN has security against unauthorised access, the key is entered conveniently during the installation. This gives you secure access to over 10,000 radio stations worldwide. No problem – if the computer is logged into the same network, the media library is shown on the generously sized display. This way, with the NOXON FUN, listening to your favourite tunes is easy as 1-2-3, no matter where your computer is. The two 2-way speakers provide for good stereo sound with clear treble and punchy bass levels. In addition, this stylish device looks good everywhere, whether in the kitchen, at a grill party in the yard or in your living room.

The NOXON FUN offers the latest technology, however operating it is as easy as child's play. The rotary knob with push function takes you through the different settings and stations. In a matter of seconds you can go from Germany to Brazil, or wherever your musical journey takes you.
