

IMPERIAL® DABMAN BT 100

DAB+/FM radio featuring Bluetooth mode for the connection of external devices, e.g smart phones etc.

Smartphone not included

The IMPERIAL DABMAN BT 100 combines the features of a DAB+ and FM radio with the advantages of Bluetooth networking. Being capable of receiving digital and analogue radio signals via DAB+ and FM, the BT 100 may also be connected to mobile devices via Bluetooth. By doing so, the radio may also be used as a Bluetooth loudspeaker, replaying music from external devices, such as smart phones, tablet PCs etc.. Another option is remotely controlling the BT 100 by using a smart phone application [suitable for both Android and iOS models]. A range of useful features such as plug & play installation, time display, multilingual menu and alarm clock mode top off the list of useful functions.
