

Bluetooth Speaker

Bluetooth 4.2

- Bluetooth 4.2

Telefonfunktion

- answer call, end call, reject call

Micro SD card reader

- for direct Music playback

IMPERIAL® BAS 3

The IMPERIAL BAS 3 is one of our next generation Bluetooth stereo speakers. Its striking design is a great add to the style quotient of your desk or which ever place you set it up. Nicely embroidered cotton cloth mesh texture on a solid dome-shaped speaker body gives a very unique and elegant look to the speaker. While it looks beautiful even when not playing music, it can surprise people with its powerful and clear sound quality.

Highlights

- Bluetooth stereo speaker featuring 2x5W RMS output power
- Cotton cloth mesh structure for a unique and elegant look
- Bluetooth 4.1 (A2DP & AVCRP) with a maximum range of more than 10 metres
- AUX-In for wired operation (cable included)
- Phone mode featuring up to 2 hours of talking time
- 5V Li-Ion rechargeable battery (2000 mAh) featuring short charging cycle and long playing time (up to 8 hours)
- Available in 2 colors

Connections

- 1x Audio in / AUX in
- 1x Micro USB
